

COVID-19 Advice from Police

A special Covid-19 message from your local Police Community Support Officers who are still active in your community:

- Only accept help from people you know
- Do not pay cash (for example for groceries) in advance and do not hand over cash for people to visit the shops on your behalf
- Never provide bank details over the phone under ANY circumstances
- Groceries should be left on your doorstep. Do not permit any “volunteer” into your home under ANY circumstances
- If someone claims to be from a company or organisation always ask for and check identification. If they are genuine, they won't mind waiting while you check
- Use a door chain to put you in control
